## C'mon...

I'll save hundreds of dollars a year if I buy direct from the farm instead of by-the-cut at the Natural Foods store???

If I normally buy conventional supermarket meats, the added cost for nutritious, delicious peace-ofmind is the same as a daily cup of coffee????

## YES! and YES!

But now you say to yourself: My family doesn't need that much meat!
In fact: If you're currently buying 1.2 lbs of pork or 1.75 lbs of beef a week, you're already buying the equivalent of a half hog and quarter beef every year! (Smaller weights are also available!)
